**“Our mission** is to promote the well-being and development of children worldwide. We prioritize the simple joys of childhood, fostering active **play**, nurturing curiosity, and shaping essential life skills through our innovative toys and games. We aim to create cherished family moments while encouraging physical and mental growth in **children**.

# Nice to meet you!

With immense pride and gratitude, I am thrilled to introduce our latest catalog from BS Toys, showcasing a great array of new products crafted by our dedicated team.

Right at the outset, I want to share some exciting news with you – we’ve undergone a thrilling rebranding, complete with a brand new logo, and we couldn’t be more thrilled about it. Our fresh new look is designed to align even better with the needs of our customers and symbolizes a rejuvenated beginning for our brand. It’s not easy to bid farewell to a logo that has been an integral part of my daily life for so many years. This logo has been a constant companion, representing our journey and our dedication to our mission. It’s worth noting that my children were just small when the old logo was first launched, and now they have grown into teenagers. This logo has been a witness to the growth and changes in both my personal life and the journey of BS Toys.

As I reflect on the journey we’ve embarked on, my heart is filled not only with pride but also with a deep sense of appreciation for your unwavering support. For many years, we’ve remained steadfast in our mission to provide children with engaging and educational play experiences, all while ensuring they have fun along the way.

I truly believe that our commitment to this mission has led to countless cherished memories for children and families around the world. We’ve worked tirelessly to make a positive impact on the development of young minds, and I sincerely hope that our efforts have contributed to nurturing their growth and learning.

The evolution of our brand has been an incredible journey, and it wouldn’t have been possible without the dedication of our amazing team and the loyalty of valued customers and suppliers throughout the world. Together, we’ve achieved remarkable things, and I’m deeply grateful for your continued support.

As you peruse the pages of our new catalog, I hope you’ll find inspiration in the innovative and imaginative products we have to offer. We eagerly anticipate continuing this journey with you and creating even more wonderful memories for children in the years ahead.

Thank you for being part of the BS Toys family. Here’s to many more years of empowering play and learning.

With warm regards,

Marcel Schagen - CEO

## Sustainability, FSC

### Sustainability, FSC

We and our customers share a strong commitment to sustainability. Our long-term partnerships with manufacturers have enabled us to source materials sustainably for years. Since 2021, all our new games and toys are made from FSC-certified wood. We collaborate closely with suppliers to reduce waste and integrate recycled and bio plant-based plastic materials into our games. We extend our commitment beyond just our toys and games. Our catalogs are produced using recycled paper, our packaging is made of 95% recycled materials and is entirely free of plastic, we use soy ink, and we made a big change to digital manuals in place of printed ones. Sustainability is at the core of BS, and we're dedicated to making our brand as environmentally friendly as possible.

## Awards

### Awards

It's always a great feeling to receive recognition for our hard work and creativity. We have received awards from all around the world, which gives us a strong sense that we are on the right path, as our objective is to bring joy, playfulness, and enjoyment to children everywhere.

## Point of Sale Display

### Point of Sale

We offer a wide selection of instore materials such as displays, cubes, banners, posters, postcards, (window)stickers and bags. Our designers also develop tailor made packages for fairs, events and retail implementations.

**NEW!** BS branded cube and extendable shelf display, made of kraft cardboard.

The display is 37 cm high and extends from 75 cm to a maximum position of 135 cm in width.

## MediaPortal Photos, videos

### MediaPortal

Did you know that we have a platform where you can download all of our images, product information, and manuals?

It's called ImageShare! You can easily search, view, and download everything from this platform. It's super easy! If you are interested in ImageShare and you'd like to learn more about it, just let us know. We have a manual available that will guide you through the platform.

Next to our great photography, we also make very cool videos!

[www.youtube.com/user/BuitenSpeel](http://www.youtube.com/user/BuitenSpeel)

 **ImageShare**

#### Fairs

At BS Toys, we eagerly anticipate the Spielwarenmesse every year, as it offers a sneak peek at the latest trends and developments.

With the insights we gain, we can better anticipate and meet the needs of our end-consumers in the year ahead. It's also the ideal moment to reveal our latest creations and demonstrate how our brand and products stand out in the crowded toy market.

We also take part in other fairs, driven by our commitment to both learn and share. This helps us evolve and strengthen our brand and consistently provide the best to our customers.
